50th ANNIVERSARY – WHISKEYTOWN ENVIRONMENTAL SCHOOL

SEPTEMBER 26th, 2020

Saturday, September 26th was a magical day for Whiskeytown Environmental School. The smoke cleared, temperatures dropped and fire had disappeared from Shasta County for a short time. Perfect timing to celebrate the 50th Anniversary of Whiskeytown Environmental School, AKA NEED Camp.

Our community enthusiastically responded. 250 free tickets were assigned to visitors for a measured and socially distanced walking tour of the school site. On everyone's mind was the question of damage to the site from the 2018 Carr Fire and future plans for a rebuild.

The anniversary was the perfect opportunity to see the changes in the school site and look towards the future. Both the National Park Service and Shasta County Office of Education were on hand to show off draft blue prints for a rebuild and answer questions about the process. Our rich past was on display with exhibits of early cabin life, camper activities, old buildings, and even some of the storm damage from 1997.

It became a reunion for past staff. We were privileged to have the first director of Whiskeytown Environmental School visit, Bill Harger (1970-71) and his wife Diane Goldsmith Harger.

Brian Swagerty, director from 1978 to 1988 visited with his family. Other “Old School” staff visiting included Robert Quist (1980’s), “Ladybug” Lisa Middy-Rasmussen and Rebecca Franco.

Past campers attended to reminisce about their experiences at WES. Families with young children toured wondering when their children could have the opportunity for a week at WES in the future.

We wish to express appreciation to all our partners on the WES Forever team for the success of the 50th Anniversary; The National Park Service, Shasta County Office of Education and Friends of Whiskeytown. Many individuals volunteered and special recognition is owed to Jim Dowling photographer, and Eva Hecht, t-shirt tie-die maven.

WES COMMUNITY, WES FOREVER,

WHAT’S THE DIFFERENCE?

TWO PARTNERS, TWO NONPROFITS, WORKING TOWARD ONE DREAM

WES COMMUNITY

WES Community formed as a nonprofit in 2012 and exists to support educational goals through immersive outdoor experiences for learners at Whiskeytown Environmental School (WES). WES Community contributes to the school's mission through advocacy and relationship building with communities, businesses and public agencies to generate funds and further shared goals. As a nonprofit, WES Community serves as the fundraising program for the rebuild of Whiskeytown Environmental School.

WES FOREVER

WES Forever came together in 2020 as a coalition of four partner organizations: Shasta County Office of Education, National Park Service, Friends of Whiskeytown, and Whiskeytown Environmental School Community. Together, these partners are spearheading the many aspects of Whiskeytown Environmental School's recovery. You are invited to share the dream by helping the nonprofit partners take action by donating, grant writing and volunteering.

LOOKING TOWARD THE FUTURE

A PARTNERSHIP RENEWED

Shasta County Office of Education (SCOE) and the National Park Service (NPS) are committed to re-opening of Whiskeytown Environmental School. Progress to date includes the completion of a geological safety study by NPS due to potential safety hazards. Fundraising efforts by the Redding Host Lions has paid for draft plans of the site rebuild in order to create a shared vision.

Geologic Hazard Map

Domokur Architects of Akron, Ohio, have produced preliminary architectural concept draft plans for all buildings on the site. The plans are conceptual and are going through the process of review and revision. The site plan includes new buildings and the relocation of some buildings due to potential debris flows and safety concerns. To view the preliminary plans, visit [WESForever.org](https://www.WESForever.org)

WES Community is supporting the multi-year process through fundraising, grant writing, community engagement and publicity.

GOT TIME, NOT MONEY?

NEW BOARD MEMBERS AND COMMITTEE VOLUNTEERS NEEDED

Both nonprofits, WES Community and Friend of Whiskeytown, are building their Board of Directors. WES Community meets monthly on the fourth Monday of the month. Friends of Whiskeytown meets on the second Tuesday of the month.

The gift of time and passion is needed to accomplish projects tasked to special committees. One project will create an online marketplace so that the beloved WES sweatshirts are available for purchase. Over the summer, volunteers did tie-dye treatments to WES t-shirts at their homes. This fall, a volunteer project gave time to "yard work" on campus. Sign up [here](#), or contact Kathy Hill at 530-945-6585 if you can contribute time, skills or materials.

FUNDRAISING, LARGE AND SMALL EFFORTS

DECEMBER UPDATE

Our past efforts have been focused to raising funds to supplement the instructional needs of Whiskeytown Environmental School. Since the Carr Fire in 2018, the focus has shifted to fundraising for the school site rebuild. Your donations, large and small are appreciated and needed. As the year comes to a close, please consider a donation to WES Community, a 501.c3 nonprofit. **There are 3 easy methods to donate!**
